ABSTRACT

This is the eighth Council on Public Higher Education report on the origin of the 111,556 students enrolled in the 42 Kentucky colleges and universities accredited by the Southern Association of Colleges and Schools. The information presented for each institution includes the origin of students by state, foreign country, and Kentucky county. The tabular data indicate an overall enrollment increase of 5.3 percent from the 1973 fall semester to the 1974 fall semester, and similar increases within categories. Further data are given on in-state student enrollment, first-time freshmen, and out-of-state students. (LBH)

FOREWORD

This is the eighth Council on Public Higher Education report on the origin of students enrolled in the 42 Kentucky colleges and universities accredited by the Southern Association of Colleges and Schools. The information presented for each institution includes the origin of students by state, foreign country, and Kentucky county.

The compilation of data here was made possible through the cooperation of the reporting institutions and the Division of Research, Kentucky Department of Education. Figures within the report were checked and verified to insure they will serve as an accurate source of information. Enrollment figures are headcount and are reconciled with the Council publication, Kentucky College and University Enrollments, 1974.

This report was prepared by Herman B. Moore, research analyst for the Council, and by Karen Ellis, a senior clerk-stenographer for the Council.

A. D. Albright
Executive Director
Council on Public Higher Education

Origin of Enrollments is a delineation of student enrollments for the 1974 fall semester at the 42 accredited Kentucky colleges and universities. The enrollments are aggregated for each institution by state and foreign country. For each institution, Kentucky resident students are aggregated by county of origin.

The Kentucky state-supported and independent (public and private) institutions of higher education enrolled 111,556 students for the 1974 fall semester. This was an increase of 5,621 students over the 1973 enrollment. Additional information about Kentucky high school graduates and the percentage of the 1974 graduating students attending college can be found in Holding Power and Graduates, published by the Division of Research, Kentucky Department of Education. A few general findings related to the overall enrollment characteristics of the state-supported sector of higher education and the independent sector follow:

1. The total enrollment of Kentucky colleges and universities increased 5.3 percent from the 1973 fall semester to the 1974 fall semester for a new high of 111,556 students.

   The state-supported colleges and universities experienced a 6.4 percent increase in students from fall, 1973, to fall, 1974, with an enrollment of 95,450 students.

   The independent college and university sector experienced a 0.6 percent decrease in enrollment from 1973 to 1974, enrolling 16,106 students.

2. 92,505 Kentuckians enrolled in the accredited colleges and univeristies in the Commonwealth. This represents a 5.1 percent increase in the number of Kentucky students from 1973 to 1974.

The state-supported college and university sector enrolled 82,279 Kentuckians. This represents a 6.1 percent increase over the 1973 fall semester.

The independent colleges and universities enrolled 10,276 Kentuckians, a 2.1 percent decrease from fall, 1973, to fall, 1974.

3. First-time freshmen enrolled in Kentucky colleges and universities totaled 23,479, a 4.6 percent increase over 1973 enrollments.

First-time freshman enrollment in the state-supported colleges and universities was 19,112. This figure is a 4.8 percent increase over 1973 enrollments.

First-time freshman enrollment in the independent college and university sector was 4,367, a 3.6 percent increase over 1973.

4. 19,300 Kentuckians enrolled as first-time freshmen for the 1974 fall semester. This figure is a 4.9 percent increase over the 1973 figure.

Of this number, 16,581 enrolled in the state supported sector of higher education, a 5.23 percent increase over the 1973 first-time freshman enrollment.

2,719 Kentuckians enrolled as first-time freshmen in the independent colleges and universities, a 3.0 percent increase over the 1973 first-time freshman enrollment.

5. Kentucky colleges and universities enrolled 20,286 out-of-state students for the 1974 fall semester. This figure is equal to 18.2 percent of the total enrollment of 111,556 students in both the state-supported and independent institutions.

Out-of-state student enrollment in the state-supported colleges and universities was 13.8 percent of the public sector total enrollment for the 1974 fall semester.

Out-of-state student enrollment in the independent colleges and universities was approximately 36.2 percent of their total enrollment for the 1974 fall semester.

6. Kentucky high schools graduated 44,819 students in 1974. The number of Kentuckians enrolled as first-time freshmen in Kentucky colleges and universities for the 1974 fall semester was 43.1 percent of the 1974 graduating class.

7. The number of Kentuckians enrolled in Kentucky colleges and universities has increased from 72,501 in 1969 to 92,505 in 1974, representing a 27.6 percent increase during the five year period.

8. In 1969 the Council on Public Higher Education adopted a policy limiting the out-of-state student enrollment in the state-supported colleges and universities to 15 percent of the total undergraduate enrollment by the 1972 fall semester. The policy also indicated that a state-supported institution should not exceed 20 percent out-of-state students in its undergraduate enrollment. In the fall of 1974, 12.0 percent of the undergraduate students at the state-supported institutions were out-of-state students. Additional information about institutional enrollments may be found in Kentucky College and University Enrollments, 1974.

The data utilized in this report about high school graduates were obtained from the Kentucky Department of Education publication, Holding Power and Graduates. The Kentucky college and university enrollment data in this report were submitted by the 42 accredited institutions of higher education in the Commonwealth of Kentucky.
